Level V Wall and Ceiling Primer / Surfacer

- Takes a level 4 finish to level 5
- Sprayer or Roller Application
- Eliminates putty coat by hand
- Can be sanded but not necessary

Level V Wall and Ceiling Primer / Surfacer is a PVA product applied in a production spray application to create a smooth wall finish. It takes a level 4 finish to level 5 without the need to putty coat by hand. Eliminates the intensive labour necessary with the traditional method and can be light sanded. This product has exceptional hide and a self-leveling characteristic.

Product Data
