UPDATE

Date: September 24, 2003

To: BPB Architectural Ceilings Customers

Subject: **BPB Celotex Brand Ceiling Suspension Systems** Data Sheet for LEED Green Building Rating System For New Construction & Major Renovations (LEED-NC) Version 2.1

BPB America Inc. certifies and provides the following information for use in achieving LEED-NC credit for the specification of BPB Celotex Brand Ceiling Suspension Systems.

LEED-NC MR Credit 4.1 and 4.2 Recycled Content (1-2 Points):

Celotex Brand Ceiling Suspension Systems are manufactured with the following recycled material content. Percentages are by weight. The post-consumer and post-industrial recycled contents are not reported due to the number of U.S. and international suppliers of the steel and aluminum materials used in the manufacture of the suspension systems.

<u>Material Type</u>	<u>Total Recycled Content, % by wt.</u>
Steel	25
Aluminum	100

LEED-NC MR Credit 5.1 Regional Materials (1 Point):

Celotex Brand Ceiling Suspension Systems are manufactured at the facilities listed below. Credit may be given if the project location is within a 500 mile radius of the manufacturing facility.

Manufacturing Location

Baltimore, MD
Chicago, IL

LEED-NC EQ Credit 3.1 and 3.2 Construction IAQ Management Plan (1-2 Points):

Celotex Brand Ceiling Suspension Systems have no reportable VOC's in the finished product.

Note: LEED Credit section references are suggested applications of BPB Celotex Brand Ceiling Suspension Systems to the LEED Green Building Rating System (LEED-NC). Determinations of product attributes for LEED Certification of a building project is the responsibility of the LEED Applicant.
